PROFESSIONAL REGULATION COMMISSION

BOARD OF ACCOUNTANCY

REDUCED REQUIREMENTS FOR ACCREDITATION

The Board of Accountancy has reduced the documents and process required for the accreditation of CPAs in the Public Practice, Academe and Commerce and Industry. BoA Resolution No.22-2018, which was published in the Philippine Star last February 24, 2018, discarded the submission of the Professional Tax Receipt, NBI Clearance, the Certificate of Membership of Good Standing in PICPA and the visitation of the office of the CPA/Partnership/Firm in Public Practice (in lieu of this, the duly accomplished Quality Accreditation Checklist and pictures will instead be submitted by the applicant).

This reduction of documentary and procedural requirements is part of the streamlining policy of the PRC and BoA.
